

APPLICATION FOR THE POSITION OF PROCESS WORKER

Dear Sir/Madam,

My name is Your Name . I am happy to write the letter and apply this job. I come from Taiwan, and holding working holiday 2nd year visa. I have some job experiences in Australia. Now, I am excited to apply the position of process worker.

I am an easygoing guy with good temper. I get along with people very well. Being rude and impolite is the last thing I would do. Trying new things is also my best part in life. I never get bored easily. I am a quick learner and hard working person as well. I am always focused while I am working. Above all, I feel confident that I can suit the need of the job.

Thank you so much for reading my cover letter and resume which attached to email. I would be really thankful if you could grant me an offer. Hope to hear from you soon.

Best regards,

Your Name
